Anderson County Cedar Creek WSC is honored to offer our customers a NEW online and phone payment system. This new platform is integrated with our billing system so you can see your account information, balance and billing history.

Here are some of the features available with an online profile:

- Save your **payment profile** so you don't have to enter in the credit card information each time.
- Enroll in **Automatic Payments** – payments would be the morning of the due date (15th of the month)
- Tired of your mail being lost? Not receiving your bill on time? Go green and enroll in **eBill notification**. With email notification, ACCCWSC will no longer send a paper bill. With text notification, you can just reply "Pay" to pay your bill (with a saved payment profile).

There is no charge to sign up.

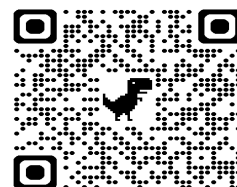

To make online payment for multiple accounts, just use the **Quick Pay** feature and pay just one transaction fee. An online profile is not necessary.

Visit <https://accwsc.myruralwater.com>, click on the Bill Payment link and you're on your way. If you prefer the automated phone system, you can make a payment by calling 1-940-290-0340.

Transactions fees: Credit Cards = 3% + \$.75; Visa, Mastercard, Amex and Discover accepted; eChecks = \$1.50

NOTE: It is EXTREMELY important that you double check and make sure you are entering YOUR account number. If you have any questions on setting up your profile or questions about the new bill pay system please contact Melany at the office 903-764-5098.
